1. PROJECT OVERVIEW

Development of a high-performance **Bingo Web-App** (accessible via browser) and a **Admin Panel** for business oversight. The system features real-time bingo gameplay, an integrated payment system for local currency, and a dashboard for complete owner control.

2. CORE FEATURES

- **Web-App Interface:** Responsive design for seamless play on Chrome, Safari, and other mobile browsers.
- **Bingo Engine:** Core logic of the gameplay
- **Payment System:** Integrated with payment gateways like **Chapa, Santimpay ...**
- **Admin Panel:** Private dashboard to track total bets, manage users, and approve financial transactions.

3. PROFESSIONAL FEE & INSTALLMENT SCHEDULE

Total Labor Fee: 300,000 ETB *This fee covers the full development of both the Web-App and the Admin Panel.*

Installment	Phase	Deliverable	Amount (ETB)
1st	Initiation Fee	Project setup, requirement analysis and visual design.	30,000
2nd	Bingo Engine	Core game engine that holds the logic	50,000
3rd	Web-App Build	The user interface on which the users play on.	50,000
4th	Admin Panel	Management dashboard and reporting setup.	50,000
5th	Payment System	Integration with payment gateways like Chapa, Santimpay	60,000
6th	Final Handover	Deployment to live server and system handover.	60,000
TOTAL			300,000

4. MONTHLY OPERATIONAL COSTS

- **Cloud Infrastructure:** ~45,000 – 60,000 ETB / Month (Paid to Cloud Infrastructure provider).
- **Maintenance & Support:** **20,000 ETB / Month** (optional).

5. TERMS & CONDITIONS

- **Initiation:** Work begins upon payment of the **30,000 ETB Initiation Fee**.
- **Refunds:** Initiation fee is non-refundable once design work has commenced.
- **Warranty:** Includes **30 days of free technical support** post-launch.
